4 Weeks Before Your Moving Day

- ☐ **Declutter and Sort Each Room in Your Home**
Go through every room and decide which items to keep, donate, sell, or throw away. This will reduce the number of вещей to move and make packing easier.
- ☐ **Book a Reliable Moving Company in Advance**
Scheduling early helps you lock in your preferred date and ensures professional movers are available to handle your belongings.
- ☐ **Prepare a Moving Folder for Important Documents**
Keep all essential paperwork—quotes, receipts, and inventory lists—in one place for easy access during the move.
- ☐ **Inform Key Contacts and Service Providers About Your Move**
Update your address with banks, your employer, schools, and subscription services. Also, submit a mail forwarding request to avoid missing important correspondence.
- ☐ **Get All Packing Materials Ready**
Make sure you have boxes, tape, bubble wrap, and markers. Alternatively, consider hiring professional packing services.
- ☐ **Start Packing Items You Rarely Use**
Begin with seasonal items, unused kitchenware, and out-of-season clothes to ease the workload closer to moving day.
- ☐ **Clearly Label All Boxes**
Mark each box with its contents and destination room to simplify unpacking and help movers place them correctly.
- ☐ **Arrange Utility Transfers or Disconnections**
Schedule the cancellation of services at your current home and set up connections at your new one.

Verify dates, times, and any special instructions to avoid misunderstandings.
